PROFILE

Captain Kelly has provided services to a wide range of clients including Vessel Owners, Charterers, Cargo Owners, Stevedores, Freight Forwarders, Marine Consultants, the legal profession and P&I Clubs. These services have ranged from cargo and vessel inspections, operational advice and the supervision of cargo operations through to cargo and vessel damage investigations, personal accident investigations and the development of quality and safety management systems. The services are provided world wide.

He has extensive experience of sea-going and port operations on a variety of vessels.

In addition he has worked in the capacity of Nautical Advisor – assisting with the day to day operation of an international fleet of tankers, with particular reference to North Sea operations; applying Flag State, International and Company regulations to the fleet; evaluating new equipment and procedures and making recommendations for fleet operating practices.
